

Side by Side India is a small non-profitmaking organisation that would like to strengthen ties between Belgium and India. Its aim is to help improve (on a small scale) the living conditions of some of the poorest people in India.

In **India** we work together with local organisations and people who take care of the management and follow-up of our projects. It goes without saying that they receive a proper salary for the services delivered.

Our team in **Belgium** consists of volunteers, who do their utmost to raise the necessary funds to realise the projects in India. Besides fundraising they also try to make people in Belgium aware of the needs brought to their attention by Side by Side India.

Where are our projects located?

In **Eluru (Andra Pradesh)**:

1. Financial sponsorship of children in the field of education
2. Supplementary training for girls and women
3. Health care
4. Dignified living conditions: construction of stone houses, private toilets, providing clean water

In **Perambakkam (Tamil Nadu)**: Financial adoption fund 'Friends of Perambakkam', which raises money for the Home for Abandoned/Neglected Children in the same village. This home is a shelter for children who cannot live with their parents due to a difficult family situation (death or illness of one of the parents).

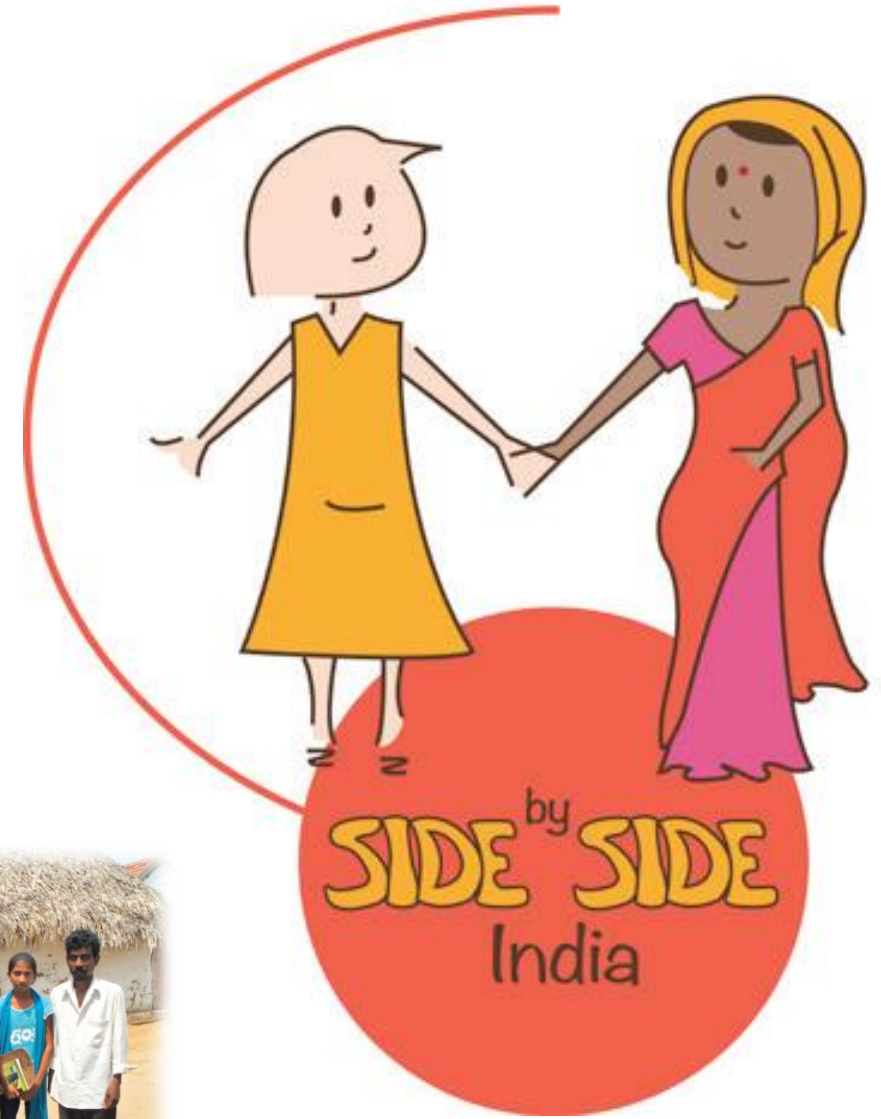

If you want to find out more about our organisation, you are welcome to have a look at our website www.sidebyside-india.org. You can also send an e-mail to info@sidebyside-india.org

Do you want to **contribute financially** to one of the projects of Side by Side India?

You can do so by transferring money into the Hubeje vzw account :

BE43 4352 0990 0101, with communication 'Side by Side 469'. If your contribution is meant to be used for a specific purpose, please mention that as well (Eluru, Perambakkam, child, toilet ...).

All contributions are more than welcome. However, you might be interested to know that gifts of more than 40 euro per year will entitle you to receive a tax certificate from Hubeje vzw.
